Index

1966-1968

Page numbers of symposium and clinic titles are given in **boldface** type.

- ABSCESS, dentoalveolar, diagnosis and treatment, 1967: Nov., 528
- Abutment(s), inlays as, in bridges for adolescents, 1966: March, 152
posterior, double, for fixed appliance, 1967: March, 59
- Access cavities, in endodontics, 1967: Nov., **701-710**
preparation of, 1967: Nov., 703-707
- Accounting, cash method vs. accrual method, 1967: July, 327
cost, applications to dental practice, 1967: July, 298-302
peg board, 1967: July, 296
responsibility of auxiliaries in, 1966: Nov., **647-656**
- Acetylsalicylic acid. See *Aspirin*.
- Achondroplasia, effect on mandibular growth, 1966: Nov., 595
- Acromegaly, mandibular enlargement in, 1966: Nov., 599
- Acrylic appliances, laboratory procedures for, 1966: July, 371-373
- Acrylic removable lingual archwires, 1968: July, 395
- Acrylic resins, in restoration of anterior teeth in children, 1966: July, 365-369
- Acrylic veneer crowns. See *Crown(s)*.
- Actuarial data, accumulation and analysis of, 1967: July, **291-302**
- Adaptation syndrome, general, 1966: March, 12
- Adenameloblastoma, in children, 1966: July, 430
- Adenoids, visualization of, by roentgen- cephalometry, 1966: March, 215
- Administration, definition of, 1967: July, 358
- Administrative assistant, value in dental office, 1966: Nov., 649
- Adolescent, crown and bridge for, 1966: March, **149-160**
psychologic aspects of treatment in, 1966: July, **449-461**
- Adolescent clinics, development of, 1966: July, 451-453
- Adrenalin. See *Epinephrine*.
- Adult dentition, malocclusion in, 1968: July, 292
- Adults, orthodontic treatment of, 1968: July, **475-482**
- Aging, physical changes caused by, effects on dental practice, 1968: March, **217-228**
- Air, motion of, application to evacuative systems, 1967: July, 370-373
- Air pressure pot, 1967: March, 39
- Allele, definition of, 1968: March, 59
- Allergies, effects on dental treatment, 1968: March, 37
- Alloy(s), for amalgam restorations, selection of, 1967: March, 221
- Alveolar process, resorption in occlusal traumatism, 1966: March, 82
- Alveoplasty, esthetic considerations, 1967: March, 30
- Amalgam, 1967: March, **213-228**
carving of, 1967: March, 227
composition of, 1967: March, 213
condensation of, 1967: March, 224-227
in restorations, 1966: July, 350; 1967: March, 219-227
phases, role of, 1967: March, 214
physical properties of, 1967: March, 215-218
reinforcement of, 1967: March, 232-234
strength of, 1967: March, 217

- Amalgam (*Continued*)
 threaded pins used with, techniques, 1967: March, 234-243
 trituration, 1967: March, 223
- Amalgam condensers, modifications of, 1966: July, 353
- Amalgam restorations, retention for, 1967: March, 230
- Amelogenesis imperfecta, 1966: July, 437-447; 1968: March, 169
- Amphetamines, undesirable side reactions to, 1968: March, 257
- Anachoresis, mechanisms of, 1967: Nov., 555
- Analgesics, in endodontics, 1967: Nov., 624-626
 use in dental practice, 1968: March, 238-242
- Anatomy, esthetics of, 1967: March, 94
- Anemia, tests for, 1968: March, 208
- Anesthesia, definition of, 1967: Nov., 615
 endotracheal, 1966: July, 271-274
 general, in hospital pedodontic practice, 1966: July, 266-279
 local, pedodontic, preparation for, 1966: July, 317-324
 postinjection instructions, 1966: July, 323
- Anesthesiology, in endodontics, 1967: Nov., 615-622
- Anesthetics, local, in endodontics, 1967: Nov., 617
 injection techniques, 1967: Nov., 618-622
 reactions to, 1967: Nov., 616
 selection of, 1966: July, 313
 use in diagnosis of temporomandibular joint disorders, 1968: March, 128
 topical, in endodontics, 1967: Nov., 617
 pre-injection use of, 1966: July, 312
- Aneurysmal bone cyst, in children, 1966: July, 428
- Ankylosis, of temporomandibular joint, diagnosis and treatment, 1968: March, 137
 radiographic appearance of, 1966: Nov., 573
 treatment of, 1966: Nov., 604
 tooth, 1968: July, 409-424
 bone biology and, 1968: July, 411
 etiology of, 1968: July, 418-420
 incidence of, 1968: July, 416
 malocclusion and, 1968: July, 455
 treatment of, 1968: July, 409, 420-424, 510
- Anodontia, etiology of, 1968: March, 160-163
- Antibacterial agents, in endodontics, 1967: Nov., 626-628
- Antibiotics. See also under specific agents, e.g., *Tetracycline*.
 intracanal use, 1967: Nov., 609
 sensitivity to, tests, 1968: March, 212
- Anticoagulant control, tests for, 1968: March, 207
- Antihistamines, in endodontics, 1967: Nov., 629
- Anti-inflammatory agents, in endodontics, 1967: Nov., 628-631
- Anxiety, and pain, 1966: Nov., 611
 control of, in endodontics, 1967: Nov., 615
- Apertognathia, treatment of, 1968: July, 523
- Apex, straight-line access to, 1967: Nov., 701
 wide-open, endodontic treatment of, 1967: Nov., 689-699
- Aphthae. See also *Ulcers*.
 Bednar's, in newborn, 1966: July, 423
- Aphthous ulcer, diagnosis and treatment, 1966: March, 51-56; 1968: March, 111-114, 145
- Apical foramen, location of, related to endodontic treatment, 1967: Nov., 495-499
- Apical scar, incidence and diagnosis, 1967: Nov., 526
- Apicoectomy, 1967: Nov., 756
- Appliances. See also *Bands; Wires; Fixed appliances*.
 extraoral, 1968: July, 469
 for diastema, 1968: July, 432
 for protrusion, 1968: July, 532, 533
 habit-breaking, 1968: July, 374, 379, 394, 457
 functional oral adaptor, 1968: July, 506
 headgear, 1968: July, 496
 history of, 1968: July, 469
 labiolingual, 1968: July, 305
 lingual, acrylic removable, 1968: July, 395
 orthodontic, recognition of, 1968: July, 467-474
 removable, composition of, 1968: July, 468
 for correction of anterior crossbite, 1968: July, 405
 repair of, 1968: July, 473
 selection of, 1968: July, 311
 space control, 1968: July, 386-397
- Application form, for employment in dental office, 1966: Nov., 679
- Appointment book, keeping of, 1966: Nov., 722
- Appointment control, for adolescent patient, 1966: July, 456
 forms for, 1967: July, 433

- Appointment scheduling, criteria for, 1967: July, 406
for handicapped children, 1966: March, 25, 30
- Apprehension, management of, in adult patient, 1968: March, **229-242**
- Aptitude tests, for prospective employees, 1966: Nov., 684
- Arch, length of, changes in, 1968: July, 348
mandibular, average distances between antimeres in, at various ages, 1968: July, 350
measurement of, 1968: July, 321
measurements of teeth in, 1968: July, 343, 344
maxillary, average distances between antimeres in, at various ages, 1968: July, 349
measurement of, 1968: July, 321
measurements of teeth in, 1968: July, 343, 344
maxillary and mandibular, differences between, 1968: July, 351
width of, changes in, 1968: July, 426
- Arch changes, in geriatric patient, 1968: March, 222
- Archwire, fixed lingual, construction of, 1968: July, 389
removable lingual, adaptation of, 1968: July, 388
construction of, 1968: July, 387
modifications of, 1968: July, 390
- Arthritis, of temporomandibular joint, 1966: Nov., 604, **621-626**; 1968: March, **134-136**
- Asepsis, in endodontics, 1967: Nov., **567-578**, 713
- Aspirating syringe, use of, 1966: July, 310
- Aspirin, in endodontics, 1967: Nov., 624
- Assistant, dental. See also *Auxiliary personnel*.
as detective, 1966: Nov., **639-646**
compared to Licensed Practical Nurse, 1966: Nov., 707
education of, 1966: Nov., **657-666**, 690, 714, 734-736
methods of employing, 1966: Nov., 678
role in establishing credit of new patient, 1966: Nov., 640-646
- Associations, professional, as form of group practice, 1967: July, 347
- Audiovisual aids, in pedodontic practice, 1966: July, 502
- Autoclave, use in endodontic practice, 1967: Nov., 569
- Automobile, use for business purposes, tax deduction for, 1967: July, 332
- Autosome, definition of, 1968: March, 60
- Auxiliary personnel. See also under specific types, e.g., *Assistant*.
Auxiliary personnel (Continued)
education of, 1966: Nov., **657-666**, 690, **729-738**; 1967: July, 401-403
evaluation of, 1966: Nov., 696
expansion or limitation of duties, 1966: Nov., **711-717**
for recently graduated dentist, 1966: Nov., **667-676**
forms for, 1967: July, 434
future role of, 1966: March, **97-106**
in group practice, 1967: July, 348-350
laws concerning use of, 1966: Nov., **703-710**
methods of securing, 1966: Nov., 650-652
need for, 1966: Nov., 677
responsibilities in recall, bookkeeping, accounting, and collection, 1966: Nov., **647-656**
selection of, 1966: Nov., **677-687**
symposium, 1966: Nov., **637-738**
- BACTEREMIAS, transient, treatment of, 1968: March, 245-248
- Bad debts, tax deduction for, 1967: July, 332
- Bands, appliance construction and, 1968: July, 306, 308
for primary anterior teeth, stainless steel in, 1966: July, 360
for removable lingual archwire, 1968: July, 387
measurement for, 1968: July, 308
- Bank plans, for financing dental care, 1966: Nov., 639
- Barbiturates, for control of apprehension, 1968: March, 230-238
in endodontics, 1967: Nov., 624
- Barodontalgia, diagnosis and treatment, 1968: March, 80
- Bednar's aphthae, in newborn, 1966: July, 423
- Bell's palsy, diagnosis and treatment, 1968: March, 180
- Benzoyl peroxide systems, characteristics of, 1967: March, 206
- Bicuspid, second, treatment for congenital absence of, 1968: July, 439
- Bifurcation involvements, in pulpless teeth, 1967: Nov., 649
- Biomechanical endodontics, procedures in, 1967: Nov., 592-600
- Biopsy, in suspected cases of malignant disease, 1968: March, 196
- Bleaching, of endodontically treated teeth, 1967: Nov., **655-662**
- Bleeding time, test for, 1968: March, 207
- Blind child, pedodontic care for, 1966: March, **21-34**

- Blood, diseases of, as cause of oral soft tissue lesions, 1968: March, 145
tests of, used in dental practice, 1968: March, 204-208, 213
- Blood pressure determination, equipment and technique, 1966: March, 95
- Blood smear, as diagnostic test, 1968: March, 209
- Blood vessels, integrity of, tests for, 1968: March, 207
- Bodily injury, liability insurance against, 1967: July, 282
- Bone, biology of, ankylosis and, 1968: July, 411
changes in, in geriatric patient, 1968: March, 226
lesions of, of endodontic origin, 1967: Nov., 521-533
reparability of, 1966: March, 81
- Bookkeeping, responsibility of auxiliaries in, 1966: Nov., 647-656
- Bridge(s). See *Denture, partial, fixed and Crown and bridge.*
- Broaches, in endodontics, abuses of, 1967: Nov., 600
manufacture and use, 1967: Nov., 580-584
- Bruxism, 1966: Nov., 631
- Buccal mirrors, in dental photography, 1968: Nov., 737
- Buccal tubes, placement of, 1968: July, 309
- Burglary, insurance against, 1967: July, 283
- Burns, of oral soft tissues, differential diagnosis of, 1968: March, 148
- Business management, role in practice administration, 1966: Nov., 719-727
- CAFFEY'S DISEASE, in infants, 1966: July, 431
- Calcific degeneration, of root canal, surgical correction, 1967: Nov., 761
- Calcification, pulpal, 1966: July, 379
as complication in endodontic treatment, 1967: Nov., 707
- Calcium, dietary, as factor in caries, 1966: July, 293
- Calcium hydroxide, use in pulp capping, 1968: March, 26
use in pulpotomy, 1966: July, 382-384
- Cameras, Polaroid, in dental photography, 1968: Nov., 728
rangefinder, in dental photography, 1968: Nov., 700
single lens reflex, in dental photography, 1968: Nov., 699-729
- Cancer. See under *Malignant disease* and under specific types, e.g., *Carcinoma.*
- Cancerphobia, recognition and treatment, 1968: March, 186
- Candidiasis, diagnosis and treatment, 1968: March, 118-120, 148
- Canine, maxillary, surgical exposure of, 1968: July, 513
- Canker sore. See *Aphthous ulcer.*
- Capital, as business aspect of dentistry, 1967: July, 357
- Carbohydrates, cariogenicity of, 1966: July, 283, 293
- Carcinoma. See also *Malignant disease.*
of oral soft tissues, differential diagnosis, 1968: March, 149
squamous cell, of oral structures, recognition of, 1968: March, 190
- Cardiovascular disease, effects on dental treatment, 1968: March, 36, 52
- Caries, animal, transmissible factor in, 1966: July, 282
bacterial component of, 1966: July, 282
control of, during orthodontic procedures, 1966: March, 171
effect of compacted gold restorations on, 1967: March, 179
density of teeth in, 1968: Nov., 587
effects of water fluoridation on, 1966: July, 287-289
effects on root canal, 1967: Nov., 501-506
etiology of, 1966: July, 281-284, 1967: March, 268
future eradication of, implications to dental practice, 1966: March, 103
implications to pedodontic practice, 1966: July, 246
genetics of, 1968: March, 66
incidence of, age in, 1968: Nov., 582
factors influencing, 1968: Nov., 581
x-ray evidence of, 1968: Nov., 581-587
malocclusion and, 1968: July, 449
nutritional factors in, 1966: July, 292-295
pathology of, 1967: March, 265-268
prevention of, 1966: July, 281-298, 1967: March, 269-271
profound, treatment of, biologic considerations, 1967: March, 128
prophylaxis of, fluoride supplements in, 1966: July, 289
psychogenic factors in, 1968: March, 181
pulp responses to, biologic basis, 1967: March, 126-128
rampant, esthetic considerations in control of, 1967: March, 75
patient management in, 1966: July, 296
- Caries activity, tests for, 1966: July, 285-287
- Case planning, form for, 1967: July, 429
- Case presentations, in cosmetic dentistry, 1967: March, 5
- Case selection, for bleaching of endodontically treated teeth, 1967: Nov., 656
for endodontic endosseous implants, 1967: Nov., 679
- Cash method of accounting, vs. accrual method, 1967: July, 327

- Cat scratch disease, 1966: July, 433
- Causalgia, diagnosis and treatment, 1968: March, 179
- Cavities, access, in endodontics. See *Access cavity*.
- proximo-occlusal, in primary molars, restoration of, 1966: July, 345
- Cavity liners, biologic considerations in use of, 1967: March, 140-142
- Cavity preparations, angles for, in compacted gold restorations, 1967: March, 179
- class III, 1967: March, 187
- for porcelain inlay, 1967: March, 196
- class V, 1967: March, 182-185, 195
- for tooth colored restorative materials, 1967: March, 209
- in extensive caries, biologic considerations, 1967: March, 129-140
- Cellulitis, of face, management of, 1968: March, 249-252
- Cement(s), silicate, esthetics and, 1967: March, 37
- finishing procedures, 1967: March, 211
- manipulation of, 1967: March, 204-209
- Cementation, of fixed restorations, esthetic considerations in, 1967: March, 69
- of pins, in reinforced restorations, 1967: March, 237
- of silver cones, in endodontics, 1967: Nov., 730
- Cementoma, incidence and diagnosis, 1967: Nov., 527
- Central nervous system, diseases of, effects on dental treatment, 1968: March, 37
- Centric, determination of, for immediate dentures, 1966: March, 203
- Centric controversy, resolution of, 1968: July, 284-290
- Centric relation, effects on denture esthetics, 1967: March, 119
- Cephalogram, differential diagnosis of malocclusion and, 1968: July, 295
- Cephalometer, triaxial, 1966: March, 214
- Cephalometric analysis, for treatment of protrusion, 1968: July, 534
- Cephalometric radiography, in temporomandibular joint dysfunction, 1966: Nov., 567
- Cephalometric tracing, example of, 1968: July, 297
- Chair, dental, efficient design for, 1966: March, 120
- position in local anesthesia, 1966: July, 319
- Check register, analysis of, 1967: July, 292, 294
- Cherubism, 1966: July, 429
- Child, handicapped, hospital procedures for, 1966: July, **261-280**
- Children, dentistry for. See *Pedodontics*.
- Chloramine-T, in endodontic irrigation, 1967: Nov., 605
- Chloropercha, 1967: Nov., 725
- Cholesteatoma, diagnosis and treatment, 1967: Nov., 529
- City directory, used in investigation of new patient, 1966: Nov., 644
- Clamps, for rubber dam, 1966: July, 334
- Cleft palate. See *Palate*.
- Close-bite, in deciduous dentition, 1966: July, 465, 473
- Clot retraction, test for, 1968: March, 205
- Clotting time, 1966: March, 96
- Clubs, social, tax deduction for, 1967: July, 337
- Coagulation time, tests for, 1966: March, 96; 1968: March, 204-207
- Codeine, in endodontics, 1967: Nov., 626
- Cold bend tests, for endodontic files, 1967: Nov., 587
- Cold sore. See *Herpes labialis*.
- Collection of accounts, responsibility of auxiliaries in, 1966: Nov., **647-656**
- Collimation, in x-ray use, 1968: Nov., 632
- Color, as consideration in jacket crowns, 1967: March, 51
- for complete dentures, esthetic considerations, 1967: March, 96
- for porcelain inlays, 1967: March, 193
- in restorative materials, 1967: March, 80, **203-212**
- of oral lesions, as diagnostic tool, 1968: March, 89-91
